

Press Release UK Veterans-One Voice

10th January 2016 – for immediate release

UK Veterans- One Voice – Protecting Human Rights for All

UK Veterans-One Voice seeks Human Rights Lawyer – we are seeing an unprecedented level of communication directed at some of our members and as part of our duty of care to ensure their Human Rights are respected we seek a suitably qualified professional who is willing to stand up and be counted, come forward, and help them find their way through the minefield of paperwork they are faced with and assist at interviews they are requested to attend.

Remuneration may only be the satisfaction that you have helped present an unbiased and sympathetic case but we hope you will be spurred on by the fact that you are representing service personnel who have no one in their corner.

About:

UK Veterans - One Voice formed to campaign for fair treatment for all veterans. We aim to attempt to unite all the groups who are fighting for justice or seeking help for serving military personnel and veterans in need. We are not a political organisation but people who have served their Country with Professionalism, Honour and the hope that we would always be supported by the Government we represented. Though we are in support of other groups, each must take responsibility for its own actions. We WILL NOT support any criminal activities.
